

## Excel “Kid’s Club Summer” 2012

January, 2012

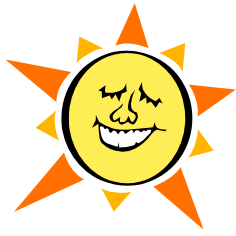

Dear Parent,

As you are looking forward to the summer, let us remind you of our “Kid’s Club Camp” program. Summertime is a time for fun and sun and at Excel your school-aged camper will certainly enjoy a lot of both.

Our campers are on-site in the mornings enjoying computers, board games and group games. “Kid Karaoke”, “Tech Time”, our “Fun’N’Fit” Indoor Sports Program, Drama, Art, Cooking and Newspaper Publishing, are also a daily part of our program. From Monday to Thursday, the camper’s afternoons are a whirlwind of activity beginning with a trip to our Mt. Laurel sports fields where they can play tennis, gaga, basketball, or soccer. After sports, they swim until 4:00 PM. We end the week with a special field trip to such places as: Fonthill Museum, Citizens Bank Park, New Jersey State House and Museum, Brandywine State Park, Herr’s Potato Chip Factory and Popcorn Park Zoo, just to name a few and ,of course, skating, movies and bowling. Weekly Bar-B-Qs, and on-site special events, complete the program. Our enrichment classes in dance, music, and Spanish will also be available.

Spaces are limited, so if you want your child to have a great summer at an affordable price, please complete the attached enrollment form. To better serve our families, you may now pick and pay for only those weeks you are using. However, the collection of fees has changed. We require **one week camp tuition** with your enrollment form, if your child does not attend Excel all year long. The balances are due as noted. If your child attends all year long, you may continue to pay as you go. If you have any questions or concerns, please feel free to speak with us, or we invite you to visit our newly designed website at [www.exceldaycamp.org](http://www.exceldaycamp.org) to learn more about the “Excel Experience”

Sincerely,  
Zita Herzlinger, Director

# Excel Summer Camp

"Sun and Fun", that's our motto when our academic year comes to an end, and our camp program begins!

Our campers aged Toddler through 5 years will follow a weekly unit, and enjoy lots of outdoor play; including on-site water play, art classes on Monday and Thursday, and off-site outings for children aged 3 and up.

We have weekly bar-b-ques each Wednesday and free swim at our Mt. Laurel facility once a week for children who are totally potty trained, aged 3 up. There are also swim lessons available taught by Red-Cross Certified Instructors for the same age group.

When you combine all the above with a fun-loving, creative staff, you get a summer that is sizzling with excitement!

Please take a moment to review all the enclosed information, and return your confirmation for our summer camp, and the "Fall 2012" academic year by the due date. Also, please note that the pricing for this program is the same as our academic year and will not change until fall 2012. We also invite you to visit our newly designed website at [www.exceldaycamp.org](http://www.exceldaycamp.org) to learn more about the "Excel Experience."

Sincerely,

Zita Herzlinger  
Director
